It is the goal of the Woodrow Child Care Center to provide the children with a nurturing, positive, safe and developmentally appropriate environment. It is unlawful for any center to discriminate in the enrollment of children upon the basis of race, color, religion, sex, disability or national origin. Entrance is through the main double doors. All tours and registrations should be scheduled through the main SCS office.

Curriculum

Children in the program are involved in a variety of developmentally appropriate experiences that include Math, Science, Social Studies, English Language Arts, Music, Outdoor Play, Free Choice and Art.

Preschool programs in accordance with "Rules for Preschool/Chapter 3301-37" must adopt a curriculum that is aligned to the Early Learning Content Standards and assess (semi-annually) students' progress towards achieving those outcomes. We have chosen the Creative Curriculum. The Creative Curriculum is more than an assessment measure; it is a comprehensive and linked system that includes assessment/evaluation, curricular and family participation components. The curriculum is aligned with the Early Learning Content Standards.

Parent/ teacher conferences will be set twice a year to assess the child's progress; parents may also request a conference as needed.

Upon Enrollment

Upon enrollment, each child must have current health records, emergency transportation info, parent roster, current physical on the form we provide as well as the deposit and registration fee. These forms are required by the state of Ohio. We reserve the right to refuse any child who does not have all required information in his file. We must have complete files in order to be in compliance with the state law. Children's records include name, address, birth date, date of admission to the center, plus parent/guardian names, home, cell and work telephone numbers and addresses, two nearby emergency contacts and pick up information. Sylvania Community Services reserves the right, at our discretion, to refuse admission of any child. Reasons for denial of admission may include refusal to follow policies, re-occurring behavioral problems, or failure to pay outstanding childcare invoices.

Arrival and Departure

A parent, guardian, or designated person dropping off or picking up children **must** enter the building and take the children to or from his/her classroom.

No child is to enter or exit the building on his/her own.

Parents/guardians must check the child in and out each day. Staff members must see parent bring in or pick up the child. Maximum amount of time will be billed for each session the child is not clocked in or out.

Anyone (including parents) picking up a child must have a picture ID to show. If they cannot show a picture ID, then it is the responsibility of that staff person to check with the parent via phone before allowing the child to leave the building. If someone other than the designated and normal pick-up person will be picking up your child, the staff must be notified prior to that day in writing. Pick-up person will always be asked for ID. **Upon arrival/departure ODJFS requires all children and staff to wash their hands.**

- Upon arrival and departure the parent/guardian must clock in using the time clock. If a child is not clocked in or out on the day he comes, the maximum time charge will be made. The children will only be released to a person showing a picture ID. This person's name must be printed on the pickup list for the child.

- Medical and dental emergency plans are posted in each classroom used by the children.
- All staff is trained in First Aid, CPR, Child Abuse Prevention, and Preventing Infectious Diseases. A first aid kit, enrollment health and information forms, and a staff person trained in first aid and CPR accompany children on all field trips.
- The administrator and the employees of the center are required report their suspicions of child abuse or child neglect to the appropriate agency, under section 2151.421. of Ohio Department of Job and Family Services.
- When an accident or injury occurs, or when any other incident necessitates administration of first aid, or a child is transported in case of an emergency, the center shall complete an incident Report. This report shall be signed by the parent and returned to SCS that same day.
- When a home address, phone, work address, or phone of the parent(s) changes, **the center must be notified immediately.** We must also know if there is a change in authorized emergency contact phone number.
- No spray aerosols are used when the children are present.

Behavioral Expectations

We expect that the children will cooperate with the staff and the other children in the program. We expect all children to respect the rules and regulations of our center and to respect the rights of others. We expect that the children will treat the center's property with respect. Our approach to discipline focuses on self-control. Rules are developed and limits are set for four main reasons:

1. Possible harm to self
2. Possible harm to others
3. Damage to property
4. Infringement on the rights of others

Discipline

Re-direction will be used whenever possible. Children will be encouraged to make appropriate decisions and when they do not, the following measures will be taken:

1. The unacceptable behavior will be discussed. The caregiver and the child will talk about other choices the child could have made.
2. The child will be re-directed to a new activity. If the behavior continues the child may be separated from the group and activities for a short time, but will still be supervised.
3. If the behavior problems continue they will be discussed with the parents in a conference and a discipline plan will be developed.
4. If the behavior problem continues after discussing it with the parent, and the child still will not cooperate, the parent will be called to pick up the child immediately for the day.
5. A child may be suspended from the program for up to five days for serious or recurrent infractions. Prior notification will be given to parents at least 24 hours in advance that suspension is the next step.

However, immediate suspension can occur depending on the severity of the situation.

6. If upon return to the program following suspension, the child's behavior continues to be inappropriate, enrollment may be terminated. Parents will be given at least 24 hours in advance notice. However, immediate suspension can occur depending on the severity of the situation.
7. A child who has been removed from the program may be eligible for re-entry in the program after a 2 year period.
8. The center's method of management and guidance apply to all employees of the center.
9. Biting will not be tolerated, if a child's biting becomes habitual or dangerous for the other children and staff, the child's enrollment may be terminated without advance notice. If this situation occurs, re-enrollment of the child will be considered after the biting phase has passed.

Lunch

Children are required to bring a packed lunch daily. Please make sure their lunch is nutritious. The law defines a nutritious lunch as "One food from the meat/meat equivalent group, the bread/grain group, the dairy group and two foods from the fruit or vegetable group." (ODJFS 5101:2-12-39) The Center will provide milk with your child's packed lunch. Sack lunches from home need to constitute at least 1/3 of the child's RDA's or we are required to substitute their lunch, therefore a lunch substitute charge of \$.50 per item will apply. Also, a complete lunch will be provided in an emergency situation in case a child does not bring one from home. The charge for this service is \$3.00 and will be added to your childcare bill.

Snacks

A morning snack will served to the children between 9-9:30am.
An Afternoon snack will be served between 3-3:30pm.
All snacks will consist of two food groups and follow the ODJFS snack guidelines.

Emergencies and Accident

Emergency files will be kept on site for each child. Parents receive notification by phone from the child's teacher of any symptoms of impending illness (headache, stomach ache, fever vomiting, etc.) Parents will be expected to leave work or make arrangements for someone else to pick up a child who appears to the teacher or administrative staff to be too ill to remain in the program. Until the parent arrives, the child will be excluded from the activities with other children. The child will rest in a quiet area, secluded from the main area of activity and supervised by a staff member. If, after every effort has been made to contact the parent/guardian, they cannot be reached, we will call the emergency telephone numbers that the parent/guardian has listed on the Emergency Health Information Form (EHI). If it is required, emergency first aid will be administered and a staff member will remain with the child until the emergency squad arrives. The child will then be transported to the place indicated on the EHI. Staff members have been trained in first aid and CPR.

Incident Reports

An incident/injury report will be completed when an accident or injury occurs. A copy will be given to the parent/guardian on the day of the incident.

The Center will initiate an incident report when the following applies:

- Illness which requires first aid treatment
- Accident which requires first aid treatment
- Injury which requires first aid treatment
- Bump or blow to the head
- Administration of syrup of ipecac (only under advice of Poison Control Center)
- Emergency transporting
- Unusual or unexpected event which jeopardizes the safety of children or staff.

Management of Illness

Staff members are trained to recognize the common signs of communicable disease by Red Cross Training or a registered nurse and in hand washing/ disinfection procedures and shall check each child daily as he enters the group for symptoms(per state law). The center shall immediately notify the parent/guardian of the child's condition when a child has been observed with signs or symptoms of an illness. EHI contacts will be called to pick up the child from center in this order: parents and if no response the other two contacts will be called next.

A child with any of the following signs and symptoms of illness shall be immediately isolated and discharged to his parent/guardian or parent designee:

- Diarrhea (3 or more abnormally loose stools within a 24 hours period).
- Severe coughing, causing the child to become red or blue in the face or to make a whooping sound.
- Redness of eyes, obvious discharge, matted eyelashes, burning and itching.
- Stiff neck with elevated temperature.
- Temperature of 100 degrees Fahrenheit when in combination with any other signs and symptoms of illness.

- Vomiting more than 1 time or when accompanied by any other signs or symptoms of illness.
- Evidence of untreated lice, scabies or any other parasitic infestation.

- Yellowish skin or eyes

Decisions regarding whether the child should be discharged shall be determined by the administrator, and the parent/guardian. While isolated at the center, the child shall be supervised by a staff person trained in first aid, CPR, communicable disease recognition, and child abuse prevention. A child will be provided a cot in a room or portion of a room not being used for childcare. The child will be within sight/hearing of an adult at all times,

never being left alone. The child will be re-admitted to original classroom upon approval of one of the administrators.

A mildly ill child may be cared for within the child's group. The child shall be observed carefully for signs and symptoms of worsening conditions. If the child exhibits such signs or symptoms, he/she will be isolated from the group. Any medication that needs to be administered by staff requires a form to be completed by parents and possibly the physician/dentist. (See medication section)
